

## CHAPTER 1, DETROIT

### President's Message

**The February 17, 2005 membership meeting will at SMC Pneumatics, and the March 24, 2005 meeting will be at Morrell in Auburn Hills, MI. Details will be forth coming.**

This will be the first of many newsletters for Chapter One that will be using the FPS website. Please be sure to read and pass on the information to your colleges.

This is my first letter as the President of Detroit Chapter 1 and I would like to welcome you all to a year of great growth and prosperity. You will be hearing from me a lot this year, about membership involvement and attendance at meeting. We need to get more members, become involved in the monthly meetings and chapter activities. Any suggestions to improve would be greatly appreciated. Send to me or give them to any board member.

Ed Mizzi, Chapter President
